# **USE OF PHOTOS, VIDEOS AND DISPLAY BOARD POLICY FOR PUPILS AND PERSONS OTHER THAN PUPILS**

### **Equality and Diversity**

Campfire Education Trust is committed to promoting equality of opportunity for all staff and job applicants. The Trust aims to create a supportive and inclusive working environment in which all individuals are able to make best use of their skills, free from discrimination or harassment, and in which all decisions are based on merit. We do not discriminate against staff based on age; race; sex; disability; sexual orientation; gender reassignment; marriage and civil partnership; pregnancy and maternity; religion, faith or belief (Equality Act 2010 protected characteristics). The principles of non-discrimination and equality of opportunity also apply to the way in which staff and Governors treat visitors, volunteers, contractors and former staff members.

### **Data Protection**

Campfire Education Trust will process personal data of staff (which may be held on paper, electronically, or otherwise). Campfire Education Trust recognises the need to treat it in an appropriate and lawful manner, in accordance with the Data Protection Act 2018 (DPA).

# **Use of Photos, Videos and Display Boards Policy**

The Campfire Education Trust and its schools are committed to safeguarding all pupils in its care, and all employees, governors and volunteers.

Under the General Data Protection Regulation (GDPR), it is necessary to have a 'lawful basis' (legal reason) for processing personal data, both photographs, videos and display boards come under the GDPR remit.

## **Photographs/Videos for official use across the trust**

The trust will always seek to get consent from parents/carers/employees/governors and volunteers to use photographs or video footage for official use across the trust, these may be used for, but not limited to:

- Website's and other promotional materials across the trust
- For use in marketing material (prospectus)
- Display boards
- Newsletters
- Media use (local/national newspaper)
- Importing into the schools MIS system

Parents/carers will be asked to complete a consent form when their child starts at a school within the trust. The form will be deemed to cover the pupils time at the school and will be disposed of using the Trusts Retention Guidelines once the pupil leaves the school unless another form is completed that supersedes it during this time. Parents/carers can change their mind at any time and withdraw consent by asking for another form, completing it and returning to the school office for processing, at this time the previous form will be given back to the parent/carer for disposal, this is to ensure that only one form is on file preventing the use of the wrong form being processed. If consent is withdrawn, the school will arrange to get deleted any photographs or videos held by the trust.

The trust will not display photos of pupils with names unless additional written consent has been sought. Where there are safeguarding issues around a pupil(s), photos will not be used without prior approval and written consent from the relevant authorities involved.

Employees/governors/trustees and volunteers will also be asked to complete a consent form when they start at the trust.

## **Photographs/Videos taken by parents/carers**

When parents/carers take photos or videos at any function run by the trust, for example, school performances, these are classed as being for personal use and therefore will not be subject to the GDPR.

Parents/carers will however be asked not to share or publish images on social media or elsewhere on line for potential safeguarding reasons.

## **Photographs/Videos taken by school photographers/journalists**

The photographer will officially own the photos they have taken, but they will only be able to use these photos for the specific purposes that parents and/or pupils consented to on the completed, signed consent form. School photographers provide a signed declaration confirming that this is the case.

If the photographer/journalist wishes to subsequently use photos for purposes not initially consented to, they will need consent from the parent/carer to allow the specific use of the photo(s). The trust **cannot** give consent on the behalf of pupils/parents.

## **Display Boards / Notice Boards / Staffroom / walls across the Trust / MIS system**

Any of the above used throughout the trust will not have any data/information displayed that is not anonymised unless written consent has been received from parents/carers/employees/governors or volunteers.

The following personal data of pupils, employees, governors/trustees and volunteers will not be on display around the trust. This includes but not limited to:

- Names
- Telephone Numbers
- Addresses
- Medical conditions

Information that may be required in an emergency will be kept in a secure area where it is only available to persons that need to access it. The DPO for trust staff and the headteacher for schools will ensure that any emergency information is provided only to the person(s) that need it to carry out their role within the school and will ensure that this is only given out to anyone who has read the trusts data protection policy and returned the signed declaration.

### **You may have already given consent, and you may be wondering why we are asking for your consent again?**

You may be aware that there are new data protection rules that came in from May 2018. To ensure we are meeting the new requirements, we need to re-seek your consent to take and use photos of your child. We really value using photos of pupils, to be able to showcase what pupils do in school and show what life at our school is like to others, so we would appreciate you taking the time to give consent again.
